Principal's Message

Congratulations to the Grade 6 Badminton teams that played in the SouthPointe tournament last night!

The grade 9 students finished Part A of the English Language Arts PAT exam on Monday. We encourage all students in grade 6 and junior high to continue to prepare for their PAT and Common Exams coming up in June (please see the Exams dates listed in this newsletter).

The next few weeks are very busy with many elementary classes going on field trips. Thank you to all parents who have volunteered their time to supervise these trips.

A reminder that Thursday and Friday are school closure days, and Monday is a holiday. We hope all families have a great long weekend.

Carol Brown

Principal

COMING UP

Monday, May 27	Kindergarten Field Trip – Schedule A
Wednesday, May 29	Red Shirt Day
Friday, May 31	Kindergarten Field Trip – Schedule B

We would like to remind parents to not use the staff parking lot for student pick up and drop off. This practice impacts staff as they are trying to park in their assigned stalls or families that need to use the accessible stalls. We do have families that require these stalls to ensure that their needs are being met. Please use the parent loop located at the front of the school or streetside parking located along Allard Way and SouthPointe Boulevard. Your cooperation is greatly appreciated.

Pre-kindergarten Programming at EIPS

Is there a preschooler in your life experiencing developmental delays or challenges with speech-language or motor-skill development—big or small? If so, Elk Island Public School's Play And Learn at School (PALS) program could help.

Early learning lays the foundation for success in primary grades and beyond. As such, EIPS offers the pre-kindergarten PALS program in five of its elementary school locations.

Applications are now open for free speech-language assessments for those interested in registering in the PALS program this fall. The assessment helps determine if PALS is appropriate for your child.

If you know a preschooler, born in 2020 or 2021, who could benefit from pre-kindergarten programming or want to book an assessment, fill out the [PALS Program Request Form](#) or call 780-417-8219. For more information, visit eips.ca.

PARENT CORNER

Executive function and self-regulation are the skills that children need to learn in order to be successful in many areas. Imagine your brain is like a busy airport and executive function is the air traffic control tower that helps planes take off and land safely. Without executive function, students may struggle with things like decoding words or organizing their ideas when writing. While we're not born with executive function skills, our brains are ready to learn these skills. Some are modeled to us and we pick them up. Others need more explicit instruction and practice. [Check out this article](#) for some great activities that help children from infancy to adolescence develop their executive function skills.

Did you know?

Alberta Reserves are accumulated surplus funds that may be designated to a school, department or priority. The Board of Trustees approves the transfer of funds to and from reserves and has a yearly plan on how those reserves are used—to the benefit of students. EIPS identifies high-demand areas and uses its operating reserves for initiatives like student learning, new curriculum work, consultant support, mental health initiatives, technology upgrades, public-health best practices and other one-time projects. Operating reserves are also used to furnish and equip new schools and classrooms. With its capital reserves, EIPS replaces ageing equipment, purchases technology, modernizes and expands student learning spaces, and funds emergent capital needs.
